

# Safety Policy Goal

---

***The Peterborough Municipal Airport is committed to reducing safety-risks to a level as low as reasonably practicable.***

---

**To achieve our goal, each and every one of us must:**

- Comply with safety regulations and standards
- Actively participate in the Airport's safety management system (SMS)
- Challenge ourselves, our clients and our tenants to help improve our safety performance

**You are expected to:**

- Take full responsibility for your part in making a safe operation safer
- Respect the perspective of others, so that together we can learn, and improve
- Freely report everything you see that could threaten the safety of air operations

**We will not initiate disciplinary action when you report safety hazards or concerns**

*Please assist us by reporting hazards, incidents or safety concerns*

---

**Brian Horton**

*Chief Administrative Officer/ SMS Accountable Executive  
City of Peterborough*

---

**Trent Gervais**

*Airport Manager/ SMS Manager  
Peterborough Airport*
